“ In 1976 “Grandma Fran” drove a car helping transporting Caruthers High School students to the FBLA National Conference in Washington DC. It was a trip to remember for a lifetime. We will miss Frances and are sorry for your loss.

“ Where to begin. I had my Mimi longer than I had my own mother on this earth! I don't know a life without her love and that giggle. She greeted everyone with enthusiasm and a nickname of their own which made me feel special always, I'm forever her JennyPenny I'll miss the southern drawl in her voice as she says Hey JennyPenny, her classic greeting! Her love was universal and she was a true healer from the soul out but she also took no lip. I long for the lazy days on the ranch again eating watermelon and homemade ice cream with Pop squatting down puffing on a smoker! If we only knew the impact of these these days as they fly by while we were young I'm sure we'd bask in the moments longer. Mimi gifted me with the most precious gift of laughter and a stoicism in silent strength I will never forget about Mimi money or riding in the Oldsmobile or the way she made Christmas so special when mom couldn't. The way she cared for her baby (my mom Kathy) when she was dying of cancer broke me so much I had to keep my distance and as if that wasn't horrible enough then she was not being able to comfort her own son this past April as he too passed. It broke her completely unfortunately we all knew this would be the cost. I hope anyone who reads this has a memory to share that they are able to hold as dear as I will always hold my Mimi I love you forever rest in your paradise sweet woman 💔
