“ Dear Bob, Bill and Family,  
It is with such heart felt sadness to hear the loss of Gloria. I have so many wonderful and fun memories of our families as we were growing up. I loved your mom and dad. Both Joe and Gloria were always so good to us. One of the things I remember everytime we went to your mom and dad's grocery store your mom would always give us a treat. One of the best was she would slice the end off of a stick of bologna and give to us. Gloria was a beautiful giving friend, always doing and thinking of others. I am so sorry for your family's loss but so grateful for all of the wonderful memories she left for you to hold on to for the rest of your lives. May God Bless you Bob, Bill, and your family.
