“ *Sharron was not easy to live with. As a child, she could be a bully. Sometimes it seemed that she was beating herself against a cliff of marble.*

*Sharron made an effort to do what she could to create a better life for herself.*

*I'm glad my children were able to visit & talk & learn from her. My eldest Ángela is mentally ill & Sharron was able to advise her. Sharron loved animals; birds, dogs & cats. She took good care of them.*

*Last but not least, I know her roommate, Vickie, felt Sharron treated her well.*

*Sharron, I hope you find peace & acceptance & lots of laughter wherever you've gone.*

*Send a blessing our way when you can.  
In loving remembrance,*

*Les Logan, Teresa Arizmendi & Ángela Logan Arizmendi.*
